**TERMS OF SALE**  
*(Please Read Carefully)*

1. BIDS BY MAIL, EMAIL, PHONE or FAX will be accepted until the closing date. All phone bids must be confirmed in writing on a signed bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.
2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot. Cataloging errors will be cheerfully and promptly corrected. **FLOOR BIDDERS MAY NOT RETURN ANY LOTS** including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 35 days after a sale. As the auction house acts as an agent for various consignors, **NO CLAIM OF ANY KIND** can be considered after settlements have been made. If a claim is not made within this 30 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. **Lots are not shipped until paid for in full.** Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact. Large miscellaneous or "bulk" lots cannot be returned for any reason.
3. **Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash or an approved VISA or MasterCard (refer to Paragraph 5). Should payment be made by check (in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, usually 14 business days.** First rate credit references and a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale. Any questions regarding the above policy should be made in writing to the auctioneer 7 days prior to the sale date.
4. **A 15% buyer's charge will be added to the successful bid price of each lot.** This 15% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 5% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogs.
5. **TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS.** Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars by International Check drawn on a U.S. bank** or by wire transfer to the account of Craig A. Whitford Auctions, c/o Comerica Bank, Lansing, Michigan. (As a convenience, invoices may be charged to your VISA or MasterCard accounts. Please supply account number, signature and expiration date on your Bid Sheet. *Refer to your Bid Sheet for further instructions.*)
6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. (*Minimum charge of \$3.00 per parcel*). All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered airmail with return receipts and proper custom tags on overseas shipments.
7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented. **Sales Tax in the amount of 6% will be collected on all lots delivered within the State of Michigan.**
8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 60% of estimate will not be accepted. By placing a bid in this sale either in person, by agent, mail, email, phone or fax, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.
9. Items photographed in this catalog are of the actual items being sold.
10. **BIDDING IN THIS AUCTION SALE CONSTITUTES ACCEPTANCE BY THE BIDDER OF ALL THE FOREGOING TERMS OF SALE.**

## TIPS FOR SUCCESS BY MAIL BIDDERS

Mail Bidders have come to be a substantial part, perhaps 80%, of those winning lots in our numismatic auctions. They have helped to establish our reputation of varied successful sales. In addition to instructions on the bid sheet, we are happy to fulfill reasonable special instructions for our clients.

Bidders find intense competition for especially desirable lots, often clustering in the same price range at or slightly above our estimates. Such estimates are to be used as guides only. Often the final price for popular and high grade material will be over estimate; in some cases, two or three times over.

In analyzing the results of our past sales, we find approximately 10% of the lots sell at top wholesale, 80% sell around full retail and the remaining 10% exceed our expectations.

For your guide, we quote some strategies and bidder techniques followed by those who consistently win lots by mail bid.

1. **Always read the Terms of Sale** and compare rules from various numismatic auction houses. These will vary from firm to firm and also from sale to sale within the same firm. Be aware of Buyer's Fees, Value Added Tax, handling and shipping fees as well as the extent of guarantee, return privileges and late payment or storage charges.

2. Tie Bids are often received in mail bids. Our policy is to award the lot to the earliest postmarked bid. Also considered are those clients who pay their accounts promptly. **Always mail your Bid Sheet as early as possible.** You may also fax us your bids anytime 24 hours a day at (517) 394-0579.

3. **Please read and sign your Bid Sheet** and include your phone number. Unsigned bid sheets may not be considered. If we believe a significant bidder error has been made, we will attempt to verify a bid by phone before the closing date.

4. It is a poor strategy to bid at low levels on numerous lots. Those who do so achieve little success. For the auction firm, needless time is spent to process the unlikely bids. Auction firms have learned the practice is counterproductive and lessens the professional credibility of the bidders. **Lots bid under 60% of the value or estimate are not recorded;** lots under 75% have little chance in bidding competition. Please review your financial circumstances carefully before bidding.

5. It assists the auction firm if the bids are listed in numerical order. Mistakes can be avoided and processing is easier. **Always recheck your bid sheet.**

6. Do not be afraid to bid over estimate if you feel a lot is worth it. We find that most tie bids occur on lower priced items. Where possible, lots are purchased for mail bidders below their maximum bids. This happens on about 20% of

all lots. Once a sale has been called, we cannot increase your bid. We will always try to purchase the lot for you as inexpensively as possible.

7. If you want a percentage increase on any lot or lots, indicate this on your bid sheet. We prefer that you do this on a lot by lot basis on a few lots rather than just checking an overall percentage increase box.

8. Should you wish bidding to stop for you when a certain total has been achieved, we can generally follow your instructions even if you bid up to four times your total limit. We can enter your bids in the bid book or have one of our assistants represent you from the floor. In this manner, you can submit more bids, increasing your chances of success without overextending your budget. This gives mail bidders one of the traditional advantages of floor bidders which is participating competitively within ones means. *We can also recommended independent agents which will bid for you from the floor for a modest fee.*

9. If you are interested in purchasing just one lot of a type where several similar types are offered, indicate this with special instructions. Just bracket those bids and mark **"one only" or "alternate."**

10. Known clients in the United States only may request permission to view lots by mail (*except for large or bulk lots, or other multiple coin lots*) until 10 days before the sale date. Photos can also be requested at a fee. The bidder requesting inspection of lots by mail agrees to pay postage and insurance both ways and to insure and be responsible for the pieces while in their possession. This advantage may answer specific questions one may have about varieties or condition.

11. Depending on facilities and personnel, it may be possible to arrange telephone bids with the client, to compete with the mail bids and floor bidders. Usually there is only one telephone available. Such arrangements usually are for a single coin or grouping of coins.

12. **Become a subscriber.** This will insure that you will receive catalogs and prices realized by timely first class mail. The prices realized can be a useful study guide for future bidding or purchases. It can also indicate areas where prices are declining or increasing and helps one to evaluate similar pieces in a collection. (*Our current subscription rates are: U.S. & Canada \$17.50; Overseas \$25.00 in U.S. Funds*)

13. By following the above tips you can have an enjoyable and successful time bidding by mail in numismatic auctions. **Should there be any questions about lot descriptions, Terms of Sale, bidding procedures or estimates, please call us at (517) 394-4443 during regular business hours which are 9 a.m. to 5 p.m. EST, Monday through Friday.**

##### Magnificent Gem Fairbanks Alaska Red Seal Rarity

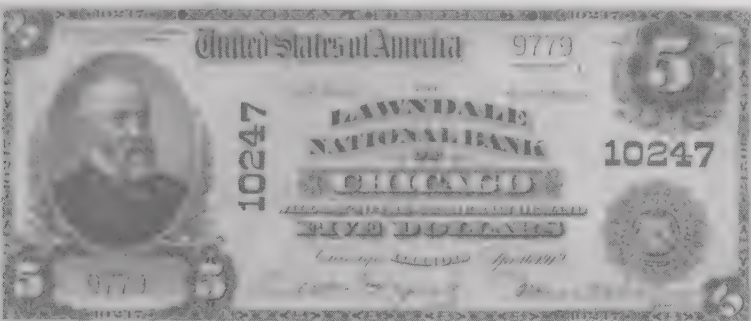

- 1344P. Alaska. Fairbanks - \$5, 1902. Fr. 587. First National Bank of Fairbanks. Ch. (P)7718. This serial number #1054 note was likely one of the first and no doubt finest offered by Hickman & Waters in 1967 following the dispersal of an Alaskan banker's estate. Exceptional centering and crispness define this Gem Uncirculated condition census-topping example with sharp corners and superb pen signatures. A "dream note" for the specialist and worthy of the finest collection, as this example has been outside the trading community for nearly 40 years. We expect this note could set a record price in today's red-hot national currency market. Certain to embrace spirited bidding!

## An Unprecedented Thomas Alva Edison Portland Cement Company Stock Certificate Historical Archive

1468P. **EDISON, Thomas – Edison Portland Cement Company.** This museum quality collection represents a lifetime effort on behalf of the consignor, obtaining an irreplaceable and comprehensive progression of items relating to the development, production and issue of stock certificates for the Edison Portland Cement Company. Within this important archive are a myriad of truly unique elements that were, in and of themselves, each an elemental fragment of the conception, design and eventual execution of the actual certificates. Rounding out the selection are a number of notable issued stock certificate rarities and a wonderful group of related ephemeral items. The breadth and scope of this archive is unparalleled, creating an incredible once-in-a-lifetime opportunity for the Edison collector, New Jersey historian or institution to acquire a blue chip display ensemble.

The contents of this lot are as follows:

- **Edison Portland Cement Company Temporary Stock Certificate, June 30, 1899.** Certificate no. 69, issued to Thomas A. Edison (unsigned) in the amount of 100 shares of Common Capital Stock. This temporary certificate predates the actual issued certificates by over a month and a half. Excellent condition save a trace of toning and two short tears at right margin just into the outer frame area of the document which is printed in all black ink on white stock with no masthead or vignette.
- **Two-sided official American Bank Note Company Steel Stock Certificate order form, order no. 9951 dated June 12, 1899.** Detailed in part with "Model to - Mr. Lamorelle", requesting a special vignette of Thomas A. Edison, specific plates, tints and production quantities for both Preferred and Common Stock Certificates. Accompanying this original order form is a complete text listing of the legal content and wording to be utilized on the final certificate, complete with pen and pencil notations and corrections - all on a separate oversized page. These two pieces are both in excellent condition, some toning and ink smudges to the latter while the order form itself is fresh and neatly penned.
- **Officially licensed and copyrighted cabinet style photographic portrait image (3 3/4" x 7 1/8") of Thomas Alva Edison on card (5 1/8" x 7 1/8") as executed by J.W. White & Co., so ordered by American Bank Note Company for use in creation of an engraving for the stock certificate.** Noted on face margin border is "Edison, Thomas A." in pencil, while on the verso reads "Thomas A. Edison - Edison Portland Cement Co (for Phila)" in red ink and in pencil below "American Bank Note Co Phila - Eng. order June 20/1899". Excellent condition with some light handling and touch up, cpl slightly bumped corners on outer card.
- **Steel plate engraving Proof of Thomas Edison portrait, image area 3 3/4" x 3 7/8" on card stock measuring 5 3/8" x 6 1/8" with pencil notation in top margin "Thomas Edison P#5896", signed below as approved by Mr. Lamorelle and dated 7/13/1899 with initials to right in red ink.** A superlative first-off impression, a hint of contact from other documents and toning to areas outside the portrait region, otherwise choice. Accompanied by a set of 4 steel plate gravers measuring 3 to 3 1/2" in length including their knob-style wooden handles.
- **Original mock rendering of the Edison Portland Cement Company Preferred Capital Stock Certificate.** This piece has a 7 5/8" x 11 3/8" hand illustrated and pastedown image area on cardstock backing measuring 9 3/8" x 11 3/4", border and masthead in green, with test areas of brown as used on the Common Stock issue. Outer border of cardstock reduced at left, slightly into bottom margin where it is noted

**Thomas A. Edison  
Cabinet Photograph**

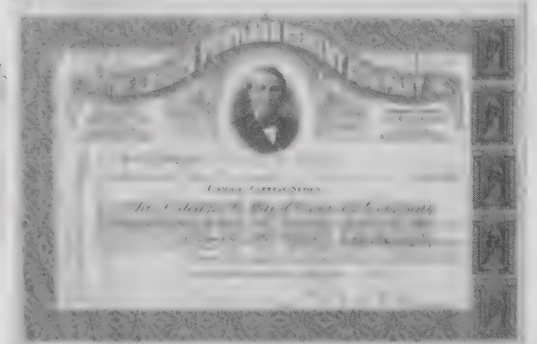

**Original  
Proof of Edison's  
Engraved Portrait**

in pencil as (approved by Mr. Lamorelle and dated June 19, 1899 with added comment "Make Common Brown" in reference to the border and masthead color. A loose paper tag accompanies the item stating "Order No. 9951" and "The Edison Portland Cement Co. Pref. & Com. c Stock". Overall condition Very Good with chipping to top margin and some areas of offset toning and traces of ink and adhesive residue as made.

- **Official Edison Portland Cement Company Common Capital Stock face plate Proof with received tab at left, mounted on oversized card backer.** A full size rendering in brown and black ink as specified, noted at lower left in pencil as approved by Mr. Lamorelle and dated 7/24, 1899 with a small "F" at upper right in pencil indicating face. A lovely and fresh example virtually as made with only two old vertical creases involving only the left border frame and received tab areas, a few tiny ink smudges. An impressive example.

- **Edison Portland Cement Company Common Stock Certificate, August 19, 1899.** Certificate no. 7, issued to Thomas A. Edison, signed boldly in brown ink by him on the received tab (pasted down as typical for issue, but not affecting the signature in any way) and again on the verso (very faded), in the amount of 5000 shares of Common Capital Stock. This example displays the brown color frame and masthead, blind embossed company seal and is affixed with revenue stamps in \$10(4), \$1 and 25 Cent values. Excellent condition with hints of toning and a single small spindle at far left border. **A marvelous Edison signed certificate.**

*Name, Date and Shares as at*  
*Thomas Edison*

- **Edison Portland Cement Company Preferred Stock Certificate, August 29, 1899. Certificate number 1 - the first issued Preferred Stock!** Issued to S. Boyd Carrigan in the amount of 100 shares. This example displays the green color frame and masthead, embossed seal and revenue stamps in 50(3) and 25 Cent (2) values. Excellent condition, received tab detached (once pasted down), a series of old vertical folds and typical light toning. A wonderful #1 certificate!

*Continued...*

- **Edison Portland Cement Company Preferred Stock Certificate, August 29, 1899.** Certificate no. 21 issued to Chester E. Baird in the amount of 90 shares. This example displays the green color frame and masthead, embossed seal and revenue stamps in 50, 25(2), and 10 Cent (4) values. Excellent condition, minus the received tab and typical paste residue. Once quarter folded long ago vertically but very fresh and bright color ink and paper, a high-grade example.
- **Edison Portland Cement Company Common Stock Certificate, November 9, 1899.** Certificate no. 470, issued to L.C. Miller & Co. in the amount of 100 shares. This example displays the brown color frame and masthead, embossed seal and revenue stamps in \$1 and 50 Cent values. Excellent condition, minus the received tab (residue remains), an unfolded and nicely preserved issue.
- **Edison Portland Cement Company Common Stock Certificate, December 1, 1905.** Certificate no. 1371, issued to A.H. McNeal in the amount of 120 shares. This example displays the brown color frame and masthead, embossed seal and is complete with the received tab and rubber stamped receipt (both pasted down). A pleasing certificate complete with receipt and the typical vertical folds, just a hint of toning.
- **Personal three page handwritten letter from employee and head mechanical engineer William Simpkin to Herman F. Dick (son of A. B. Dick who marketed the mimeograph) on official script style letterhead "From the Laboratory of Thomas A. Edison, Orange, NJ" dated "5.16.02".** The letter outlines in great detail the internal company conflicts over plans and designs for "conveyors, Blowers, Bins, Screens, "S" dumps & chutes" at the cement company plant and operations overseas. A unique perspective of Simpkin's views on his relationship with Edison, whom he speaks of affectionately as "Mr. E", and Edison's vision of future endeavors. This letter is of further importance as Simpkins was fired following losses at Edison's Dunderland, England operations and eventually committed suicide. A great letter by an Edison "insider" foreshadowing impending doom. Excellent condition save cpl minor splits and fold seps to page one only, includes the original transmittal envelope (roughly opened).

Ephemeral Edison Portland Cement Company items and artifacts also part of this archive include: Edison Cement illustrated articles within complete issues of Success Magazine, c.1908, American Carpenter and Builder, July 1909 and Popular Mechanics Concrete Handbook No.1, c. 1924; Edison Cement Company book entitled "The Romance of Cement", NY, 1926, 128pp., illus., blue and gray cloth hardbound, accompanied by an Edison Portland Cement Quarry View postcard depicting the operations at Oxford, NJ; Official company correspondence on letterheads (2 different), c. 1902 and 1913; Official company issue paid receipt for cement dated 1924; 94lb.Edison Portland Cement Co. cloth bag, 14 1/2" x 26" (no contents); Official company employee #9 brass pin back badge, 1 1/2" dia.; Official company issue advertising steel letter opener, 9 7/8" long; Official Whitehead & Hoag production Edison

### Civil War Tokens

#### Rare & Elusive New Orleans Siege Dime

1628P. **Louisiana. New Orleans.** J.B. SCHILLER (1862) counterstamp on face of U.S. 1860 Indian Head Cent; Rx: Large "X" counterstamp over ONE. Rulau La105; OB 35777, Brunk S-175. Russell Rulau (*Standard Catalog of United States Tokens, 1700-1900, Updated 4th Edition, 2004*) states "Only 9 Known". This coin carries the stigma of being the only documented Confederate Civil War siege issue as the piece was countermarked while New Orleans was surrounded and eventually fell to Admiral Farragut's forces on May 1 of 1862. J.B. Schiller operated a fine liquor importation business in New Orleans and served as official agent for Sazerac-de-Forge et Fils of Limoges, France. Schiller also owned the Sazerac Coffee House, which he acquired in 1859, where he developed the exclusive brandy cocktail the "Sazerac", a famous trademark of New Orleans cuisine. It is widely speculated that the valuation of the countermarked coin in circulation was 10 cents. Schiller also issued scrip notes dated April 3, 1862 in the denominations of 25 and 50 cents - payable in Confederate currency. *The Schiller counterstamp was first reported in TAMS Journal for March 1963 by Robert Lindesmith in a letter to editor Russ Rulau. It was written up by Rulau in Coin World in 1963 also.* The importance of this issue as a siege piece cannot be overstated.

Manning Ferguson Force was born in Washington, D.C. in 1824, the son of Peter Force, the city's mayor. He attended Harvard, graduating from the school of law in 1849. The following year, Force moved to Cincinnati, Ohio and began his law practice. In 1861, Force joined the Union forces as major of the 20th Ohio Volunteer Infantry, serving in the western theater as part of General James B. McPherson's 17th Corps. Following the Siege of Vicksburg, Force marched on to Georgia where he fought in the Atlanta Campaign. He was severely wounded in the face during the Battle of Atlanta and was disfigured for life. For his valor during the Atlanta campaign, Force was promoted to major general of volunteers in March of 1865. In 1886, a group of citizens successfully petitioned the state legislature to establish a home for Ohio's honorably discharged Civil War veterans who, because of incapacitating disease, wounds, or other cause, were unable to earn a living. On November 19, 1888, under the supervision of General Manning F. Force, the first 17 men were admitted to the Ohio Soldiers and Sailors Home, later names the Ohio Veterans Home (OVH.) In 1892, he was awarded the Union Medal of Honor. The citation read, "*Charged upon the enemy's works, and after their capture defended his position against assaults of the enemy until he was severely wounded.*" After the war, he returned to Cincinnati, Ohio, where he became a Supreme Court Judge. He also authored several law books and became a prominent writer as well as a lecturer. Manning Force is buried in Spring Grove Cemetery, Cincinnati, Ohio.
